

St Andrew's CE Maghull Reading Spine

At St Andrew's, we know that Reading is the cornerstone of education. We have selected 70 books that we believe every child in our school should know *deeply* by the end of each year.

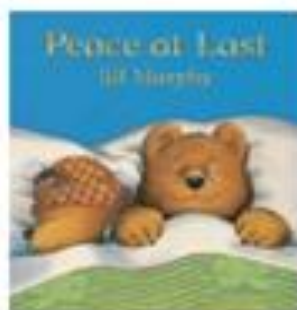

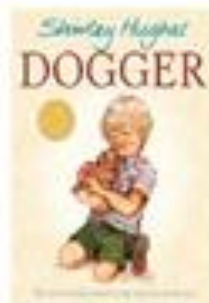

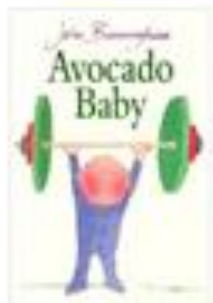

We have selected these books because of the huge breadth that they offer. There are modern books, books from our literary heritage, books told from multiple perspectives, books that move backwards and forwards in time, books that help us to understand other cultures, books that explore themes of inclusiveness and compassion and books that are just great fun.
