Dear Parents

## Home Equipment Survey

We have been working hard to set up our procedures for the eventuality that a bubble should have to self-isolate. We are living in unprecedented times and we appreciate all of your support in providing the very best education for your child. The way in which they have returned to school is fantastic, they are all working so hard and we wish to keep this momentum should the need arise to self-isolate.

Pupils will be expected to complete work during a whole bubble self-isolation and to complete the activities set.

We are currently undertaking an audit of pupil's access to devices at home as part of the Government's plan for remote learning.

We would be grateful if you could take a look at the criteria listed below and inform us if you feel any of these situations apply to your household.

- **No digital devices in the household**
- **The only device available is a smartphone**
- **A single device that is being shared with more than one other family member (e.g ipad, tablet, laptop)**
- **No fixed broadband connection**

If you feel you fall into any of the above situations, please could you contact Mrs Kerwin or the school office so that, should need arise and are able, we can offer support. Any contact would be confidential.

We will continue to keep you posted with any developments/improvements to our systems. Your support as ever, is very much appreciated.

Yours sincerely

Mrs E Ainsworth  
School Business Manager
